

# RAUMA

GARN

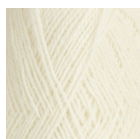

## Røros Lamullgarn

Tynt kardegarn som gir utrolig lette, deilige, myke plagg og det er veldig drøyt. Egner seg godt til toving og veving. Tovet lamull til baby er helt unikt. Enkelte farger lagerføres i 1kg-spoler; vokset og renset. (Merket med x)

Lastet ned: 26.12.2015
