HIPP!

About Hipp!

The Hipp! world is populated by happy little creatures and clever objects conceived to decorate you and your world.

All the Hipp! products are designed by Julia Nielsen in her Stockholm studio. Julia has a background in graphic design and illustration and has been creating and producing products since 2008, first under the name Pryldesign and now under the name Hipp! (www.hippstory.com). The Hipp! creatures now live in homes and shops in over 20 countries around the world from Stockholm to Santiago, Chicago, Paris, Berlin, London, Edinburgh, Prague, Milano, Tokyo and little Reunion Island outside Madagascar!

All the Hipp! products are made in Europe. We strive to use ethical and environmentally friendly producers. We also try to work in an environmentally friendly manner ourselves whereby we recycle packing materials etc.

The individual items of Hipp! jewellery come in good quality perspex boxes which customers appreciate to keep and use for storage.
