REMARKS

Every effort is made to obtain exact matches in both Nitrocellulose Lacquer* and Synthetic Enamel.** Nevertheless, for reasons outside our control, the Du Pont colors supplied may not be completely identical with those of the vehicle. Such a difference could be caused by :

- 1° A change in the color standards applied by the manufacturer of the car, without our knowledge.
 - 2° A change in the color of the car due to aging or to variations in shade caused by the method of application.
- Our responsibility is limited to the supply of colors matched to the best of our ability to standards in our possession.

* = DUCO is Du Pont's Registered trademark for its nitrocellulose lacquer.

** = DULUX is Du Pont's Registered trademark for its alkylid enamel.
