HIGH QUALITY SURFACE AND THERMAL INSULATION

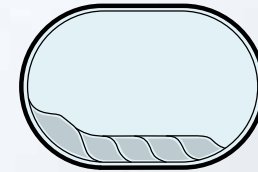

Inner surface of the pool is coated with a special Aqua-Guard paint. It provides an elegant design, strong protection against UV radiation and strong protection against chemical action. The external surface consists of a layer of hardened polyurethane foam, providing excellent thermal insulation and high strength.

- ① Colour Aqua-Guard with upper protective layer
- ② Layer of vinyl-ester resin
- ③ Reinforcement of fibreglass (lamine glass)
- ④ Thermal insulation (hardened PUR foam)
